KEY FEATURES

PURE TRIM™

Proprietary cutting material eliminates the need for lubricants, keeping your product pure.

EASY PIVOT LOADING

Ergonomic design. Pivot it. Load it. Trim it.

TOOL FREE DISASSEMBLY

Turn-Loc™ system allows for fast drum swaps and removal for cleaning.

MAX CUTTING SURFACE

Long narrow drum utilizes more surface area inside the drum for cutting.

REMOVABLE TRIM BINS

Food grade trim bins safely catch excess trim for future use.

SET AND FORGET TIMER

Get more done without worrying about overtrimming. Machine shuts off when you tell it to.

MORE ABOUT

Designed for commercial growers who prefer to trim dry, the Trimator® Dry has been specifically engineered to be fast, quiet, and user-friendly.

Innovative design features such as our easy pivot for loading and a batch timer make trimming fast and easy. In addition, Trimator® Dry uses proprietary design elements to eliminate the need for lubricants, keeping your product pure and dry. Great for commercial and boutique producers and processors.
